OPENING/CLOSING POLICY

The air temperature must be approximately 70 degrees to open. The Manager may use his or her discretion for the opening of the pool during extenuating circumstances. Once open, there must be a minimum of 12 swimmers present or after a 2 hour period the pool will be closed.

During storms everyone must exit from the pool area immediately when the pool staff has heard thunder. Shower areas in the bathhouse will remain open to provide shelter during severe storms. Pool staff should wait twenty minutes after lightning is last sighted or a storm has passed before allowing swimmers to enter the pool. If the pool is closed due to weather, a sign will be placed on the door stating that the pool will reopen as soon as weather permits.

The swimming pool will close at 3:30 p.m. on Wednesday, June 14, 2017, Wednesday, June 28, 2017, and Wednesday, July 5, 2017 for home swim team meets; and may open late to the public on Saturday, June 17, 2017 due to a morning home swim team meet. The final weekday of the 2017 swimming pool season, as determined by the Upper Sandusky Park Board, is tentatively scheduled for Tuesday, August 22, 2017; with the pool to open on the weekends thru Labor Day, September 4, 2017 (if staffing and weather permits).
